## Capalo AI Raises EUR11M to Grow into Europe's Leading Battery

With the new EUR11 million funding, Capalo AI is accelerating its international expansion and scaling of optimization and trading of battery energy storage systems, both stand-alone and co

## Capalo AI raises $13M to scale AI energy storage tech

Capalo AI secures $13 million to expand its AI energy platform across Europe The Helsinki-based startup uses AI to optimize and trade battery energy storage systems.

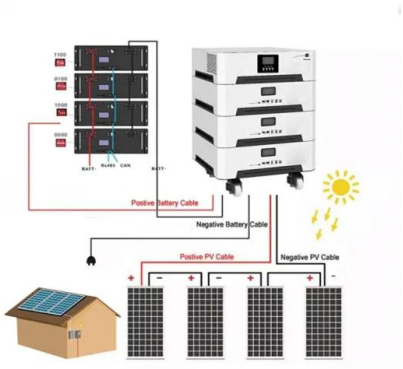

## Capalo AI company information, funding & investors , Dealroom

Capalo AI operates in the smart industry market, which includes sectors that are increasingly adopting AI to optimize processes, reduce costs, and improve product quality. The

## Finnish energy tech startup Capalo AI raises EUR500K to

Finnish energy tech startup Capalo AI has raised EUR500K in pre-seed funding to further develop its virtual power plant (VPP) and multi-market optimization AI, as

## Growing pressure on Europe's electricity grids drives EUR11 million for

With the new EUR11 million funding, Capalo AI is accelerating its international expansion and scaling of optimisation and trading of battery energy storage systems, both stand-alone and co

## Capalo AI raises $13M to scale AI energy storage tech

Helsinki-based Capalo AI has successfully secured $13 million in a Series A funding round to advance its energy optimization technology. The investment, led by Heartcore Capital, will fuel the

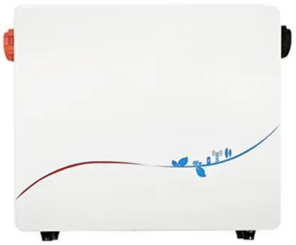

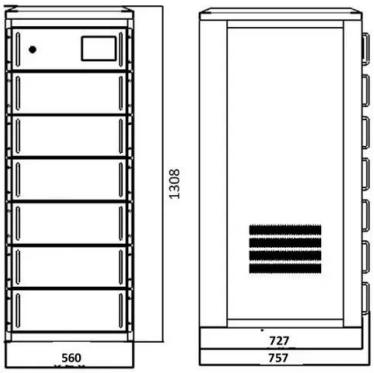

## Capalo AI raises EUR11M for virtual power plants

Capalo AI has announced a EUR11 million Series A round aimed at accelerating international expansion and scaling its AI-powered virtual power plant operations, with a focus on battery storage

## Finnish EnergyTech Capalo AI Raises EUR11M for Battery Storage

Finnish AI company Capalo AI secures EUR11M Series A led by Heartcore Capital to scale its virtual power plant and battery storage optimization across Europe.

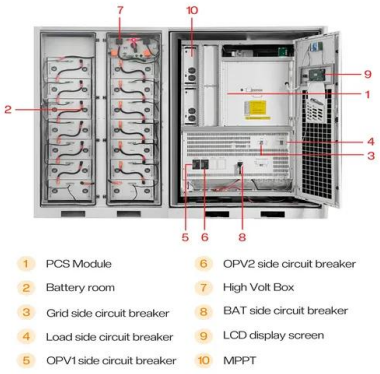

## Capalo AI: EUR11 Million Raised For Battery Storage And Renewable

Capalo AI announced it has raised EUR11 million to accelerate international expansion and scale the optimization and trading of battery energy storage systems across Europe, including stand-alone

## Capalo AI nets EUR 11m to bolster battery optimisation, trading ops

Finnish energy storage optimisation and trading company Capalo AI has raised EUR 11 million (USD 13.0m) in a Series A funding round led by Heartcore Capital to expand its geographic

## Capalo AI Company Profile

Capalo AI has 5 employees at their 1 location and $529.25 k in total funding,. See insights on Capalo AI including office locations, competitors, revenue, financials, executives, subsidiaries and more at Craft.

## Capalo AI raises EUR11M to expand battery storage optimisation

Finnish sustainable technology company Capalo AI has completed an EUR11 million Series A funding round to support the expansion of its AI-powered virtual power plant across Europe and to

## Capalo AI raises EUR11M to expand battery storage optimisation

Capalo AI is expanding its AI-powered virtual power plant across Europe, optimising and trading battery energy storage to support grid stability and renewable energy integration as electricity

## AI-Powered Battery Storage Startup Capalo Secures Funding with

Capalo, a startup leveraging artificial intelligence to optimize energy storage systems, has successfully secured funding through a compelling pitch deck presentation. The company's core
