EC POWER

EC POWER , 1.472 følgere på LinkedIn. For 25 years our XRGI® small-scale Combined Heat and Power Plants (CHPs) have been developed and manufactured at our facility in the vicinity of Aarhus,

Energy supply of the future

This is the reason why we are not only the market leader in Germany for cogeneration plants (CHPs) in the performance range of 3 - 80 kWel but we are also the technologically leading manufacturer in

EC POWER A/S

One reason for this waste is the fact that conventional power stations produce electricity remotely from their consumers. This large distance means that it is not economically viable to transport the waste
