Topclass Solar

How much phocos cxup

How much phocos cxup

CXup series (10 - 40 A)

The CXup series is a powerful family of PWM charge controllers with advanced features for 12/24V systems. Featuring a user-friendly, back-lit LCD display, USB charging port and up to 2-years of

Phocos CXup

Sehr geehrter Kunde, Herzlichen Gluckwunsch zum Kauf Ihres Phocos Produktes! Bitte lesen Sie die Anweisungen sorgfältig und gründlich durch, bevor Sie das Produkt in Betrieb nehmen. Ihr neuer

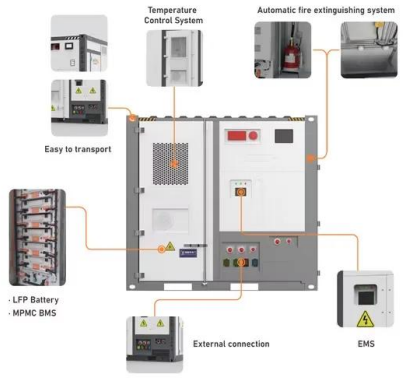

CXup series (10 - 40 A)

The CXup series offers outstanding features in its class. In addition to sophisticated PWM charge regulation with integrated temperature compensation, the CXup controllers provide a user friendly LC

Phocos: New solar charge controllers enhance efficiency and

New to the successful PWM charge controller series from Phocos is the innovative CXup series with three models with a maximum charge and load current of 10 to 40 A.

CXNup Series (10-40 A)

Real-time battery voltage, battery state-of-charge (SOC) in percent, charge and load current, and system status are clearly displayed on the large, backlit LCD. The CXNup series offer a USB port to

Phocos CXup 40 Solarladeregler Preise im Online-Shop

Die CXNup Serie bietet in ihrer Klasse außergewöhnliche Eigenschaften: Neben einer PWM-Laderegelung mit Temperaturkompensation sowie einem LC Display sind CXup-Regler mit

CXNup Series (10-40 A)

Product Introduction The CXNup series is a highly intelligent charge controller family for a wide range of applications. It features an intuitive user interface and stores up to two (2) years of valuable system

Phocos: New solar charge controllers enhance efficiency and

New to the successful PWM charge controller series from Phocos is the innovative CXup series with three models with a maximum charge and load current of 10 to 40 A. In addition to the highly efficient

PHOCOS Solar charge controller 12 V, 24 V 20 A : Datasheet

CXup series (10 - 40 A) Solar Charge Controllers with LC Display and USB port o User friendly LC display shows extensive system information o Four-stage PWM charging algorithm with integrated
