How much trina vertex

Overview

Trina Solar is offering five versions of the Vertex S+ G3 modules, with power output ranging from 465 W to 495 W and power conversion efficiencies between 23. The Vertex S 400W represents Trina’s flagship residential solar panel, featuring cutting-edge 210mm wafer technology and 120-cell configuration. 1% maximum efficiency with a compact footprint that maximizes roof space utilization.
