## Can EU renewables outmuscle US oil and gas?

Can EU renewables outmuscle US oil and gas? Stuart Braun 02/26/2026 While Washington gets nostalgic about fossil fuels, European countries are cashing in on efficiency and

## Renewable energy news: Zelestra, RES, Yess Power

Renewable Energy Systems (RES) has surpassed a major milestone by delivering more than 3 GW of solar and battery energy storage system (BESS) projects globally. The achievement

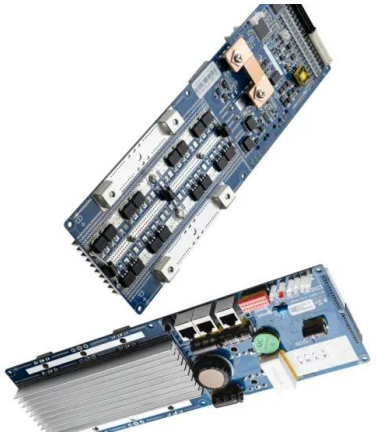

## Renewable energy systems: Comparisons, challenges and barriers

Because of the harsh environmental impacts of fossil fuels, price fluctuation, and resource limitation, renewable energy resources (RERs) are considered the ultimate solution to overcome

## 20191029_RGI_Press release_Storage and

Rome, 29 October 2019 - The Renewables Grid Initiative (RGI) today released two discussion papers "Energy storage - Perspectives from California and Europe" and "Partial

undergrounding for extra

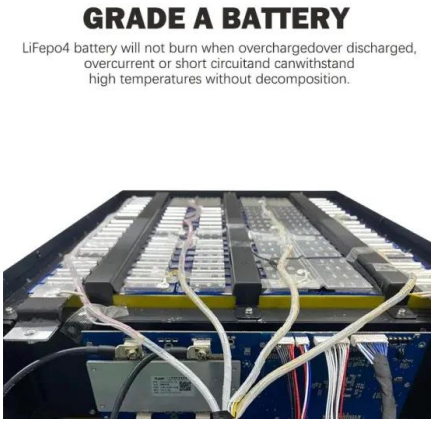

## Levanta Renewables acquires majority stake in operating onshore

Levanta Renewables acquires majority stake in operating onshore wind asset in Vietnam SINGAPORE, 2 MARCH 2026 - Levanta Renewables (Levanta), Actis' pan-Southeast Asia

## Renewable Energy Systems

The RES Group (Renewable Energy Systems) is the world's largest independent renewable energy company, having been in the sector for more than 40 years. As of 2023, the company had established more than 23 gigawatts of renewable energy projects worldwide and supported more than 12 gigawatts operations. Employing more than 2500 people in 14 countries, it operates onshore and offshore in wind and solar energy, in energy storage and in transmission and distribution.

## Renewable energy statistics 2025

Newsletter The International Renewable Energy Agency (IRENA) produces comprehensive, reliable datasets on renewable energy capacity and use worldwide. Renewable energy statistics 2025

## RES grows renewables O& M portfolio to 4 GW in N Europe

UK-based renewables group RES said on Thursday it now has 4 GW of renewable energy assets under operations and maintenance (O& M) contracts in Northern Europe, with

## Greencoat Renewables launches digital infrastructure plaform, plans

Irish renewable investment firm Greencoat Renewables has launched a green digital infrastructure platform as part of a joint venture with UK investment firm Schroders Greencoat via its

## From fossil flows to renewable cooperation

Deployment of renewable power is accelerating across the Mediterranean, with the region on track to double renewable capacity by 2030 - but falling short of the TeraMed Initiative's objective

## Renewable Energy Solutions (RES)'s Post

Manufacturers operate in energy-intensive environments where rising costs, compliance requirements, and sustainability targets all place increasing pressure on operations. ? At Renewable Energy

## Englischsprachiges Studienangebot Renewable Energy Systems

Das Masterprogramm ,,Renewable Energy Systems (RES)" soll Absolventinnen und Absolventen die Fähigkeiten vermitteln, die für die erfolgreiche Planung, Entwicklung und Steuerung

## Renewable energy news: Zelestra, RES, Yess Power

Today's renewable energy news includes announcements from Zelestra, RES, Yess Power, and others. Zelestra Begins Construction of Two Solar Projects in Texas Zelestra has started

## A quantitative evaluation of gridforming inverters for frequency

Abstract : The performance of grid-forming (GFM) inverters in improving frequency stability in low-inertial power networks with high penetration of renewable energy sources (RES) is thoroughly quantitatively

## Spain's Andalusia region adds record 2,888 MW of renewables in 2025

Spain's southern region of Andalusia added a record 2,888 MW of renewables in 2025, raising its total installed green power capacity by 20% to 17,360 MW, according to the regional
