Solar charged battery bank

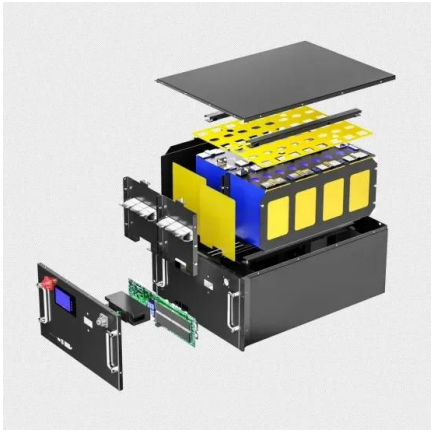

2MW / 5MWh
Customizable

Overview

For starters, it’s important to know the difference between a solar power bank and a solar charger. To put it simply, a solar charger uses a solar panel to charge devices; there is no backup battery. The best part about MPOWERD products is that they’re so versatile and travel-friendly while being really cool and sleek.

Solar charged battery bank

Solar Charger Power Bank 63200mAh, Portable Charger with Dual
